

# Natural BIRDFEEDER

## MATERIALS

**Pine Cone**  
**Nut or Sun Butter**  
**Birdseed**  
**String/Twine**  
**Popsicle Stick**  
**Plate**

## DIRECTIONS

**Step 1:** Tie an 8-10 inch long string or twine around the feeder, placing it two to three rows of scales below the wider end of the cone to hold it securely in place.

**Step 2:** Using the Popsicle stick, apply the nut/sun butter to the pine cone. Make sure to coat it well!

**Step 3:** Pour birdseed on a plate and roll the pine cone through the pile to get it covered in birdseed for the hungry birds!

**Step 4:** Take to the outdoors to find the perfect spot to hang your bird feeder and observe which birds stop by!
